The Chair noted NLPC would like to see a Traffic Management Plan.

RS noted that there will be a construction management plan.

Dear Councillors

Thank you for taking the time to consider our planning application for a change of use of the Woodmans. I appreciate that for the previous application submitted on the 22nd August it was found that the Parish Council objected to the application and requested that the property was marketed for a longer a period. The property has been continuously on the market for a further 3 months now since that application and we have reduced the price by a further £20,000 to see if a sale could be generated. I hope that councillors would now be satisfied that there is no party that would come forward to operate the building as a pub and if you can not support the application you would at least recognise we have done all we can and therefore register a neutral response.

Many thanks for your consideration

Best regards

James Collins
